

CRANE HIRE
VERTICAL HOISTS
LOADING DECKS
GLASS INSTALL

Load 28 can provide you with an **encompassing solution to building services on site to ensure your construction project is more streamlined and efficient.**

CRANE HIRE

Load 28 is a Tier 1 crane provider to the construction industry. We are well recognised and highly respected as specialists in limited access crane hire, structural installations, facade elements and commercial glazing installations; equipped with cutting edge technologies and equipment specifically designed for these applications.

VERTICAL HOISTS

With our recent purchase of Vertical Hoists, Load 28 can provide an end-to-end vertical access solution for our clients with our man and material hoists for commercial scale building projects, streamlining the services you have on site for better efficiency and cost-saving measures.

LOADING DECKS

Our loading Decks provide safe, convenient and cost-effective access solution for loading and unloading materials at multi-storey and high-rise projects by crane. Designed and built in Australia for Australian conditions, these hydraulic decks are fast, simple and safe, made for single person, fatigue-free operation; transforming material handling and internal fit-out processes on site.

GLASS INSTALL

Load 28 are leading the industry in glass installation. Our innovative glass-handling product technology, partnered with our leadership in limited crane access, makes us experts in this field. Our team are specialised in glass lifting and replacement; and with over 8 vacuum lifters in our fleet ranging up to 1 ton in capacity, we have equipment for any job.

WHY WORK WITH US?

Load 28 has grown steadily in the 13 years since its establishment and specialises in mobile crane hire and Tier 1 projects. Today, we are recognised as Adelaide's leading crane hire and glass install company.

What are the driving forces behind our success?

Fostering a team-based culture focused upon safety and quality customer experiences.

A vast range of equipment that is well-maintained, operated by crew that are highly trained.

Our 'plan the work... work the plan' philosophy, ensuring the seamless execution of critical parts of a project.

Our experience managing specific project work that sits outside the normal scope.

An innovative mindset to the operation of our business and in the development of our products.

The NCompass Solution

WHAT DOES THIS MEAN FOR YOU?

CRANE HIRE
VERTICAL HOISTS
LOADING DECKS
GLASS INSTALL

- You have **one service provider** that is highly skilled in providing any form of high-risk work the project has.
- You have **one point-of-contact** for service engagement. We will review all your requirements and bundle it into one package.
- You have **one engineering team** across all services. Our engineers who are lift planning and designing are the same people we will use for tower crane, vertical hoist and loading deck design, further streamlining your project for better efficiency.
- You have **one installation team**. Our team who install tower cranes and hoists are the same team that facilitate tower/hoist jumping and loading deck movements. They know your site, are safety inducted and are highly skilled in all areas.
- Load 28's **leading project management skills** in glass facade projects is drilled into all areas of our business. You can be assured that we have the ability to cater for any ad hoc high-risk projects you may have.
